The Mayfield Surgical Innovation Center is a collaboration of the Mayfield Education & Research Foundation, Christ Hospital Spine Surgery Center, and the Mayfield Clinic. The Center's foundation is based on several years of successful education and training events by our seasoned team of conference professionals. If you would like more information about holding a conference/lab at the center, or for more information on how your company can be involved, contact: **Michael Judge, 513.619.5895/mjudge@uspi.com**
